Work Experience

Haverhill Computers

Haverhill, MA

Freelance Computer Technician

Jan 2025 – Present

- Build, repair, and optimize computers for gaming, productivity, and professional use.
- Diagnose and resolve hardware, software, and network issues for clients.
- Manage digital operations, including website setup, email configuration, and social media outreach.

Chipotle Mexican Grill

Haverhill, MA

Crew Member

May 2023 – Sep 2024

- Delivered fast, accurate service in a high-volume restaurant environment.
- Prepared food to company standards, maintaining quality, safety, and presentation.
- Supported team operations by ensuring cleanliness, organization, and customer satisfaction.

Projects

Personal Portfolio Website (*HTML, CSS, JavaScript*)

- Designed and developed a personal website using GitHub Pages to showcase coursework, projects, and technical skills.
- Organized project descriptions, resume link, and professional information for easy recruiter access.
- Implemented responsive design to ensure compatibility across desktop and mobile devices.

Note-Taking App (Jotter) (*Swift*)

- Built a simple iOS note-taking app using Swift and Xcode, allowing users to create directories and subdirectories for organized class notes and assignments.
- Designed a clean, intuitive UI focused on hierarchy and easy navigation.
- Learned core Swift concepts including file management, UI layout, and app lifecycle management.
